Dr Rupesh Ghyar and Lata Chawla from the BETiC team had visited IDEMI, Institute for Design of Electrical Measuring Instruments on 7 Sept 2015. They took the tour of the facility, interacted with people there and invited Mr J V Nayak, Tool room Head and his team for the MEDIC 2015 at IITB.

Dr Anvay Mulay, Cardiac Surgeon, Fortis Hospital and Prof Mariyam Bhagini, Electrical Engineering, IITB visited the BETiC lab on 8 Sept 2015 and took part in a common discussion regarding ongoing and future medical innovation projects at BETiC.

BETiC organized MEDIC from 11 Sept- 15 Sept 2015 at the Victor Menezes Convention Center (VMCC) at IIT Bombay. Besides BETiC-IITB, BETiC-VNIT and BETiC-COEP as the organising team, the conclave saw around 60 students and researchers from various academic institutions, IITB faculty, clinicians and industry experts participate in the conclave. Over the course of 5 days, candidates progressed from brainstorming stage to concept drawing and to prototype making.

Dr Vaibhav Bagaria visited the BETiC lab on 29 Sept 2015. He interacted with Dr Anupam Bam, Research Associate, Biosciences and Bioengineering Dept, IITB and Dr Rupesh Ghyar, Senior Research Scientist, BETiC. They discussed developments regarding a collaborative project and discussed ideas for further collaborations.
